NOTICE OF ALLOWABILITY

Reasons for Allowance

1. Claims 1-12 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 1-8 are allowable because the prior art alone or in combination does not teach or fairly suggest an apparatus comprising a shield with a gasket on its periphery and a panel portion, wherein the panel portion has in its interior portion a spring receptacle and a snap, a spring extending out of the spring receptacle for pressing against a second side of the shield, and the snap having a hook that catches the first side of the shield, taken in combination with the other claimed features.

Claims 9-12 are allowable because the prior art alone or in combination does not teach or fairly suggest an enclosure comprising a shield with a gasket on its periphery and a panel portion, wherein the panel portion has a means for applying an adaptable force against a second side of the shield, and means for attaching the panel to the shield capable of applying a force to a first side of the shield to offset the force applied by the panel to the second side of the shield, taken in combination with the other claimed features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Closing

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Lilienthal, III et al., Stark et al., Moore, Barabash, and Nurmi show EMI shielding apparatus having a spring between the shield and a panel.
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Carmelo Oliva whose telephone number is (571)272-1982. The examiner can normally be reached flexible hours on Monday through Friday with every other Wednesday off.
